MEDIA DATA 2026

THIS IS US

The online portal **baunetz interior** | **design** is an expansion of the BauNetz portfolio and thus of the existing offering from the leading architecture portal Heinze. It represents an internationally oriented design platform intended as an interface between interior architecture and design, as well as creatives and products. Here, our readers will find partners, clients, ideas and inspiration as well as up-to-date information on the goings-on within the industry.

In the magazine we present projects from the areas of home, office, retail, leisure and hospitality that take a particular approach to space and materials. In addition, we hear from protagonists of the design scene, present products and material developments, and report regularly on current trends in architecture and design.

PROJECTS

Interiors from a single source, dream living spaces, and retail havens: The PROJECTS section reveals some true gems.

Here, we look at the overall concept, recount the stories behind the development of the spaces, and introduce some out-of-the-ordinary places.

PRODUCTS AND MATERIALS

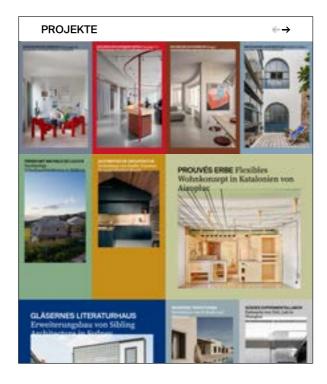

Every week, we present new products and materials on the market and offer readers the chance to carry out extensive research in a growing product archive.

PEOPLE

Where would we be without the people behind the projects and products? Here, they have a dedicated section, where we talk to designers and gain insights into their creative processes and artistic ideals.

STORIES

In our STORIES section, we compile the best stories from design and interiors. Books, exhibitions, site visits or portraits of entire generations of designers offer us a broader perspective as well as inspiration for further forays into the world of design.

PERFORMANCE

In 2024, the magazine recorded over 18 million page views and more than 3 million visits

einem zweijährigen Rhythmus in Köln stattfindet, wird im Herbst 2020 ausgesetzt.
Trotz intensiver Vorbereitungen und Maßnahmen aufgrund der Pandemie sei man letztendlich zu dem Schluss gekommen, die Messe abzusagen, heißt es in einer Pressemitteilung. Die wirtschaftliche Situation und die Entscheidung vieler Aussteller und Besucher, die Orgatee im Herbst nicht besuchen zu wollen, führte zu dieser Entscheidung. Die nächste Orgatee wird vom 25. bis 29. Oktober 2022 stattfinden.

Bis dahin suche "die Koelnmesse jetzt nach Lösungen, um die Themen der Orgatee in den kommenden Monaten auf einer internationalen Eben zu präsentieren". So werden unter anderem Projekte im Rahmen der imm cologne (18. bis 24. Januar 2021) angestrebt sowie mit Partnern entwickelte Formate vertieft.
